Suvarnabumi

Khun Paradee or Khun Nui, as her nickname, a graduate from Songkhla Nakarin University, is presently a Senior Airport Services Officer 5 in the Airport Information Sub-Division, Passenger Services Division, Landside Operations Department, Suvarnabumi Airport.

Khun Nui has been working as an airport service officer since 1996, when she firstly joined AOT. She gained lots of experiences in working through these years. Besides, she can fluently speak English, French and Chinese. She said that even she has performed this duty for quite a while; she still enjoys it, and is proud of her job. She takes herself as AOT representative who can help ease problems of people who have difficulties. This is one way to facilitate Suvarnabumi Airport users and to imprint them with long lasting good memories.

Mr. Serirat Prasulanond [General Manager of Suvarnabhumi Airport]

Through the year 2007 in which Suvarnabhumi Airport was firstly operated, the problems of facilities systems and services were collectively graded and solved so that the Airport efficiency on various aspects could be achieved. The problem solving was smoothly carried out resulting from good cooperation among people and organizations concerned besides passengers' comments and suggestions on the Airport development. May I, on behalf of the Airport staffs and employees, express my sincere thanks to all of them upon this occasion.

Suvarnabhumi Airport has implemented 6 strategies to reach its goal of becoming one of the world's top ten airports in the year 2009. They include security, services and facilities, cooperation gained from airlines/government offices and entrepreneurs, commercial activities, promotion of service mind and the Airport environment. I, therefore, would like to ask all airport users to have confidence in us that we shall do our best to fulfill our mission.
